TULIP SHAPE

430 gal / 1,628 ltr

Dry Wt: 5,742 lbs / 2,610 kg

Some items shown here may be optional and not included. Refer to your order.

Like the Egg and the Amphora, you can only get this organic shape from concrete. These shapes are known to promote fermentation by allowing the fluid to circulate naturally, and the dome-like top has the great advantage of forcing the grapes downward to reduce the need for labor-intensive punch-down.
